Two Piece and Multiple Axis Vessels and Surface Decoration with Clay Foster

August 4 & 5/12, 9:00 AM to 5:00 PM

Clay Foster is an innovative wood artist who has been working with wood for over fifty years. His furniture, sculpture and vessels can be inspired by the relics and edifices of ancient cultures and often convey a sense of ritual.

Clay is an accomplished teacher and is able to convey the process of how he translates what inspires him to producing a finished piece.

Please visit: <http://www.clayfoster.com>

In this his hands on workshop you will learn how to design and make two-piece hollow vessels and multiple axis vessels. The shape and sharpening of the tools used to make this type of hollow vessel will be covered. Clay will guide you through the process of surface decoration which includes how to lay out designs on vessels, application of finishes such as printers ink, egg shell and burning with mud resist.

Tuition \$295.00 includes domestic wood blanks.

Bring your tools and join us for an enjoyable learning experience that will inspire you to further express yourself in the pieces that you make.
